PROFILE SUMMARY

Quantitative **Performance Marketing & Growth Specialist** with 2+ years of hands-on experience scaling DTC e-commerce brands across Egypt, the GCC (Saudi Arabia, Qatar, UAE, Oman), and North America. Tracked record generating **4.2M+ EGP in client revenue** across **5,849+ verified DTC purchases** with a **5.74×–6.55× blended ROAS**. Combines commercial business analysis and consumer behavior modeling with full-funnel media buying across **Meta Ads, TikTok Spark Ads, and Google Ads**. Specialized in unit economics modeling (MER, CAC, AOV, Contribution Margin), server-side tracking (Meta CAPI, GA4, GTM), and high-velocity creative testing sandboxes.

PROFESSIONAL EXPERIENCE

2–Year Progressive Acquisition Track Record

Growth Marketer & Paid Acquisition Consultant, *Independent DTC Portfolio*

2025 – Present | Global Remote & MENA

- Orchestrated full-funnel media buying and growth systems for DTC e-commerce brands, driving **4.2M+ EGP in tracked revenue** and **5,849+ direct purchases** across Meta and TikTok with a **5.74× blended ROAS**.
- Scaled a high-growth skincare brand past **1,039,363 EGP (1.04M EGP)** in revenue from **99,911 EGP** ad spend at a **10.40× blended Purchase ROAS** (587 orders, **1,770 EGP AOV**), with top creative tests reaching **21.24× ROAS**.
- Scaled a multi-campaign apparel portfolio to **1,909,514 EGP (1.91M EGP)** in purchase conversion value from **332.7K EGP** ad spend across **2,053 orders**, holding a **5.74× blended ROAS** and 162 EGP average CPA.
- Scaled an accessories brand past **1.25M EGP** gross sales (+100% MoM), engineering a **9-day seasonal launch sprint generating 266.7K EGP** (+902% revenue surge) with top creative hooks achieving **13.75× peak ROAS**.
- Engineered server-side tracking architecture across **Meta Conversions API (CAPI), GA4, and Google Tag Manager (GTM)**, eliminating a 22% attribution drop-off and securing 100% data fidelity for Advantage+ and CBO algorithmic bidding.
- Architected an iterative **Creative Sandbox Framework** testing 10+ UGC hooks weekly, establishing automated CPA stop-loss rules that prevented budget burn and cut creative fatigue by 45%.

Performance Media Buyer, *Promix Marketing Agency*

2024 – 2025 | Ismailia, Egypt

- Managed and scaled paid acquisition campaigns across **Meta (Facebook & Instagram) and Google Search Ads** for agency client accounts, consistently hitting **4.5×–5.0× blended ROAS** benchmarks.
- Executed multivariate A/B testing protocols across ad copy, headline hooks, and high-intent custom/lookalike audiences, lowering overall Cost-Per-Click (**CPC by 18%**) and raising account CTR from 1.2% to 3.4%.
- Directed creative and production teams in developing performance-first UGC video angles, translating client brand positioning into high-converting mobile-first video creatives.
- Audited conversion funnels on Shopify and WooCommerce stores, diagnosing checkout drop-offs and deploying CRO recommendations that reduced cart abandonment by **24%**.

Performance Media Buyer (Gulf Region), *Rakaa*

2024 | Qatar & GCC (Remote)

- Executed high-ticket lead generation and acquisition campaigns on **TikTok Spark Ads and Meta**, penetrating competitive Gulf auctions across Qatar and Oman.
- Acquired **2,147 verified high-ticket leads** across **6.21M video impressions** at an average Cost-Per-Lead of **1.38 OMR**, with active scaling ad sets converting at **0.70 OMR**.
- Scripted hyper-localized video hooks in Gulf dialect and implemented multi-step instant forms with upfront financial qualifiers, boosting sales team qualification rate by **28%**.
- Monitored real-time auction CPM fluctuations and adjusted target bidding daily, safeguarding client acquisition economics and lead quality under high-CPM holiday periods.

TECHNICAL COMPETENCIES & GROWTH STACK

Quantitative Acquisition & Data Stack

Paid Media & Channel Execution

- **Meta Ads Manager:** Advantage+ Shopping (ASC), CBO/ABO architecture, audience liquidity, custom lookalikes.
- **TikTok Ads:** Spark Ads, auction bidding, native creator collaborations, high-CPM Gulf scaling.
- **Google Ads:** High-intent Search, Performance Max (PMax), YouTube video ads, keyword bidding.
- **Snapchat Ads:** Story ads, vertical video mobile storytelling, Dynamic Product Ads (DPA).

Tracking, Data & Attribution

- **Server-Side Tracking:** Meta Conversions API (CAPI), Google Tag Manager (GTM) server containers.
- **Analytics:** Google Analytics 4 (GA4) custom events, e-commerce purchase tracking, attribution modeling.
- **Behavioral UX:** Microsoft Clarity heatmaps and session recordings for friction and drop-off diagnosis.
- **Reporting:** Commercial decision-support dashboards tracking Blended MER, CPA, AOV, and net cash margins.

Unit Economics & Commercial Strategy

- **Financial Modeling:** COGS, shipping margins, gateway fees, target ROAS break-even calculation.
- **Offer Architecture:** Strategic bundling, tiered volume discounts, AOV expansion mechanics.
- **Budget Scaling:** Horizontal scaling (creative sandboxes) and vertical scaling (CBO liquidity pools).
- **Risk Management:** Automated stop-loss rules to eliminate ad fatigue before margins erode.

Creative Strategy, CRO & Platforms

- **UGC Frameworks:** Scripting 2-second visual hooks, problem-agitation-solution, call-to-actions.
- **Creative Testing:** Dedicated ABO sandbox testing 10+ hook/angle variations weekly.
- **CRO & Funnels:** Mobile checkout optimization, cart abandonment recovery, page-speed UX.
- **E-Commerce CMS:** Shopify, Shopify Plus, WooCommerce, EasyOrder conversion architecture.
